#### BACKGROUND OF THE INVENTION

[0004] The United States of America is a leading country in the world while Europe is a western industrial continent ; American space voyage program and European airbus signify advanced technology, reputation of America & Europe is well appreciated by foreign countries all over the world. It makes me creating America & Europe reputation membership for overseas enterprises, manufacturers, companies, representatives, etc to admire reputation

of the United States & Europe to benefit their business activities based on that value.

Minimum investment 1 earns top value of reputation 2 in FIG. 5.

[0005] The traditional local/state membership associations and chambers function membership activities in the same country. My discovery is to make use of reputation of the United States of America & Europe from one country establishing an office to collect foreign members in other countries to benefit that value through membership basis.

~~[0005] FIG. 3 : The policy builds to authorize overseas membership companies to use annual America & Europe reputation membership emblems in their letters head, catalogs, augmenting their business reputation. This membership reputation policy licensing uniquely for overseas companies is so created without handling business transaction to be considered as a policy invention that no other companies do such a way, its aim is to make overseas companies.. famous in their own business.~~

## BRIEF SUMMARY OF THE INVENTION

[0006] The Advantages of the invention are to:

[0007] promote business activities of foreign members making them famous overseas

[0008] export reputation value through membership basis

[0009] collect taxes of the association by local government

~~from local manufacturers and on activity of this FIG. 5 : American & European reputation for policy does increase of companies in their own countries,~~

[0010] The system composes of America & Europe reputation membership, function of the policy, local office/reputation association, foreign members; overseas manufacturers, enterprises, representatives, companies, organizations, supermarkets, business groups, business with employees, etc reputation value of the United States of America & Europe, membership basis. any other famous countries, country, foreign company members, export,

required documentation, authorization, name and address of said association, royalty, process of establishing, idea of the invention, structure, process of making, facility for functioning, materializing, connection, using of the invention, combining the invention with other entity, invention as whole/a part of business activities, any other business affecting interests of the invention, the original elements, certificates of membership, membership statements, correspondence letter-heads, catalogs, advertisements, trademarks, symbols, membership hallmarks, badges, labels, stamps, signs, representations, logos, marks, flags, tokens, emblems or equivalents, etc, contents, illustrations, substitutes in any forms, replacement of parts, facilities and necessary requirements.

~~of business company, machineries, computers, scanners, copiers, fax machines, telephones,~~

#### BRIEF DESCRIPTION OF THE DRAWINGS

[0011] FIG. 1 ; U.S. & Europe reputation membership activity

[0012] FIG. 2 ; Overseas companies..

[0013] FIG. 3 ; Assessment in two periods

[0014] FIG. 4 ; Reputation of overseas companies

[0015] FIG. 5 ; Minimum investment earns top reputation

[0016] FIG. 6 ; Its value evaluates over a traditional advertisement

#### DETAILED DESCRIPTION OF THE INVENTION

[0017] The invention is to make use of reputation of the United States of America, Europe and/or any other famous countries from this original country establishing an office/ association to collect foreign members in other countries for benefiting that value through membership basis. Its value 4 evaluates over a traditional advertisement 3 in FIG. 6.

[0018] FIG. 1 to 4 : An office namely; America & Europe reputation membership association is so established to collect in characteristic uniquely overseas manufacturers, enterprises,

companies, representatives, organizations, supermarkets, business groups, business with employees, etc as foreign members that will receive certificates of membership, authorization to use trademarks, emblems, symbols, name and address of said association, etc on royalty basis based the result on reputation value of United States of America & Europe or equivalent that reputation, image and business activities of companies, etc augmenting overseas, in characteristic including that:

[0019] establishing America & Europe reputation membership association or equivalent in U. S. A., Europe and/or any other famous countries is to make use reputation, image of that country to export its value to foreign members in other countries through membership basis, [0020] as foreign members will receive certificates of membership from reputation association signifying reputation value of America & Europe or equivalent,

[0021] as foreign reputation members will receive authorization from reputation association to have trademarks, emblems, symbols, name and address of said association, etc printed in their correspondence letter-heads, catalogs, advertisements, etc overseas,

[0022] as foreign reputation members will receive authorization from reputation association to have membership hallmarks, badges, labels, stamps, signs, representations, logos, marks, flags, tokens, etc produced in advertisement use overseas,

[0023] as foreign reputation members will receive membership statements from reputation association for protecting and maintaining reputation value of America & Europe or equivalent in using overseas,

[0024] as foreign reputation members will remit royalties timely to America & Europe reputation membership association or equivalent for receiving required documentation to maintain their membership on reputation value of America & Europe or equivalent,

[0025] there are no business transaction, deal between reputation association and foreign members except for membership so said association takes no responsibility on any activities of foreign company members overseas.

[0026] The invention policy functions from one country to other countries based on reputation value of that country exported by intermediate of local office/association to

foreign company members through membership basis, excluding that:

[0027] local/state membership associations and chambers function membership activities in the same country,

[0028] head office (or subsidiary companies) was established in their own country having their subsidiary companies, etc (or head office) in foreign countries having business links, deals, commercial activities or shareholder(s),

[0029] local companies, agents have their foreign suppliers, exporters and importers in foreign countries dealing in business, commercial activities,

[0030] exporters, importers, diplomatic offices in official business, airline and shipping companies in foreign airline, shipping business, banks in foreign banking business,

[0031] any other business without affecting interests of the invention.

[0032] The invention includes the original elements, idea of the invention, composition, function, structure, process of making, any policy, facility for functioning, establishment, materializing, export, connection, contents, illustrations, using of the invention, any other structures, modifications, substitutes in any forms, replacement of parts, of facilities being assembled for performing same/similar function referring to the original fundamentals of the invention to the same effect, combining the invention with other entity, system, policy, functioning the invention as whole/a part of business activities in any association/company under the same and/or other names with/without collecting fee and any other business affecting interests of the invention being in the scope of the protection of the invention, the invention is used everywhere.

~~[0014] FIG. 2 : U.S. & Europe reputation membership association for overseas manufacturers, enterprises, companies, representatives.. owns its fundamental policy and structure. It is created to license uniquely reputation value of America & Europe without business transaction to overseas companies in foreign countries so as to increase their reputation FIG. 4. Its value 4 evaluates over a traditional advertisement 3 in FIG. 6.~~

~~[0015] FIG. 1 : This is a pure membership reputation policy licensing uniquely for overseas~~

~~companies in exchange of reasonable annual fees to be paid by overseas companies.. to the association maintaining their membership to obtain membership statements, annual America & Europe reputation membership emblems.. The obvious distinction is this membership association functions with its different nature and with its overseas members that normal domestic membership associations do not have the same activities.~~

~~{0016} Exchanging value of America & Europe reputation, U.S. & Europe reputation association will authorize in annual membership statements : Overseas enterprises, manufacturers, companies, representatives.. use annual America & Europe reputation membership emblems adding to their letters head, catalogs.. The association will furnish information addresses of local manufacturers and trading companies.. upon request.~~

~~{0017} There is no any business transaction associated between America & Europe reputation membership association and overseas membership companies.., the association takes no responsibility on any activities of membership companies.. in the policy. Its goal is to make overseas companies.. famous through America & Europe reputation value. Description~~
